## Notes

Bean bags are a great toy and I thought it would be fun to make bean bag creatures to toss. This deer has sturdy garter-stitch antlers and petite ears. For the entire collection of Animal Beanbags, please check out my new ebook, *Handwork for the Holidays* at [www.duofiberworks.com](http://www.duofiberworks.com).

Please note this pattern is for personal use only and may not be sold. The toy you make is best for children older than age three. I welcome you to share the pattern, but please keep my contact and copyright information intact. Questions? Please email me at: [katie@hedgehoglane.com](mailto:katie@hedgehoglane.com)

## Tools

- Size 5 double pointed or circular needles, or size needle to achieve gauge
- If using circular needles, you will need another size 4-6 needle for the three needle bind off

Pull yarn through remaining stitches. Leave long tail for sewing to deer head. Weave in other yarn end.

## **Assembly**

To make up, sew antlers onto bound off edge of deer head, leaving a ½" space in the center. Sew the ears on the outer side of the antlers.

Add 2 plastic safety eyes about ½" from the top edge and about 1" apart.

Center a ¼" wide nose made from three stitches of black yarn.

Fill the beanbag with beans and seam using a horizontal stitch- with the bound-off edges together, line up stitch to stitch, insert the yarn needle under a stitch inside the bound-off edge of one side and then under the corresponding stitch on the other side. Continue down the stitches and pull yarn tight to close up seam. Weave in ends securely.
